

## **Prolab Imaging Pricing**

The following pricelist contains “standard” sizes, however as we print from rolls, we can print any size/dimensions up to 155cm on the short side (on some of our papers).

Prints come with a 2 – 5cm white border, depending on how the prints fit best onto our rolls. If you require a specific border size, please let us know and your prints will be charged accordingly. Please also let us know if you want your prints trimmed to the edge of the image (full bleed).

Wholesale pricing will be applied for large orders. Please contact us for a custom quote if you are printing large quantities.

We can package your prints for postage and take them to the Post Office for you. Or you can buy packaging from us and pack yourself. See page 5 for packaging information.

Small prints will be flat packed for collection. Larger prints will be rolled.

Please feel free to contact us anytime if you need pricing for specific sizes.

The following prices are effective as of February 1<sup>st</sup> 2022.

## Giclée Fine Art Printing Fine Art Papers

\* NOTE: Cannot be posted via Aus Post. Needs to be couriered.

Postal charges will vary and are additional to the prices above.

Prints will be wrapped in acid free tissue paper before being rolled or boxed.

Boxes include a 1400gsm box board for extra stability.

## Image Reproduction Services Copying for print

ProLab Imaging uses a custom studio lighting setup to evenly light each image, before photographing your original artwork with one of our specialist cameras. For larger images we will photograph the piece in sections to ensure we capture all the details, down to the brushstroke. Images are then tested for colour accuracy and necessary adjustments are made.

Due to increased demand for this service, we are now offering two levels of copy for print. You can have your colours matched via a photo spectrometer and our specialist software, with one test strip printed. You are welcome to assess the test at this stage and if needed, Chris can make further adjustments (for an additional cost).

Or you can choose to have your colours matched by Chris. Paintings that are highly textured, contain 3D elements, are behind glass or contain metallic or fluorescent colours will require this service.

### Computer matched

Image Size	
Up to A4	\$75.00
A3	\$110.00
A2	\$160.00
A1	\$200.00
A0	\$220.00
A0+	Custom

### Matched by Chris

Image Size	
Up to A4	\$150.00
A3	\$175.00
A2	\$200.00
A1	\$250.00
A0	\$275.00
A0+	Custom

## Image Reproduction Services Documentary scanning

Documentary scans are photographed as above, however no adjustments are made to the file. Colour accuracy is generally good but not guaranteed to the same high level as an image for printing.

Image Size	
Up to A4	\$45.00
A3	\$85.00
A2	\$100.00
A1	\$125.00
A0	Custom

Additional adjustments can be made at your request and are chargeable. For example, removing the paper tone/colour and bringing the background back to pure white will incur an additional charge.

## Image Reproduction Services Restoration

ProLab Imaging can remove scratches, mould spots and other imperfections from your scanned photographs. Artwork services are charged at \$120 per hour, in 15 minute increments.
